

26' Custom Built Dusky

Powered by Twin 225 hp Crusader Engines

Designed specifically for towing large yachts. The vessel's length and maneuverability in close quarters enable it to work well in yards and marinas with limited space. It has a custom fabricated push knee and non-marking "D" fendering rub rails.

Electronics include 2 VHF radios and a high frequency private communications system. Towing and Salvage gear includes towing hawser, a full complement of towing bridles, snap hooks, and shackles. Pumps for dewatering are on board. Other equipment includes portable fuel canisters, spare battery, and jumper cables.
