

Sunken Vessel Recovery Unit **25' x 9' Trailer**

Houses the equipment used for raising sunken boats and diving operations not normally kept on the boats (pollution containment equipment is housed in its own trailer). Equipment includes generators, compressors, tools, tool bench, (10) 2" gas pumps, (3) 3" gas pumps, 110 volt pumps, 12 volt pumps, air tools for underwater patching, air bags, absorbent materials, 12 dive bottles, 20 tons air bags and chafe gear.

This unit is fully mobile. It is transported by using any of our $\frac{3}{4}$ ton, 4-wheel drive pick up trucks or Surburban.
